*The mission of Longevity Wellness Centers is to demystify the processes of aging and provide the tools and knowledge people need to live the life they have imagined. We will attend not only to the physical but also to the intellectual, emotional, and spiritual dimensions of each individual.*

### Dr. Patricia Petitt

Dr. Patricia Petitt, DO, MPH, is an Anti-Aging and Preventive Medicine physician, and is also the Medical Director of Longevity Wellness Center & Spa. Dr. Petitt received her Medical Degree from South Eastern University of Health Sciences in North Miami Beach, Florida in 1994. She is Board Certified in Preventive & Occupational Medicine by the American Osteopathic Board of Preventive Medicine and Board Certified in Anti-Aging and Regenerative Medicine by the American Board of Anti-Aging Medicine (ABAARM) and is a Diplomate of ABAARM.

Dr. Petitt has practiced Preventive Medicine for 18 years in Maryland and Virginia where she learned to focus on strategies to promote health and wellness as well as disease prevention. She has been an aesthetics physician for the past 6 years in several medical spas in Virginia and New

York City performing liposuction, laser therapies, Botox & Dermal Fillers, and much more.

Dr. Petitt truly believes that it is important to look at the "whole person" to include how we look and feel on the outside as well as our health and wellbeing on the inside. To compliment her aesthetic training, Dr. Petitt completed a fellowship in Anti-Aging and Functional Medicine. This program emphasizes a thorough competency in nutrition, fitness, stress reduction, and bio-identical hormone replacement for men and women.

*Longevity Wellness Center's comprehensive preventive-aging program, selected by 95% of our patients, is a total body, mind, and spirit approach to wellness. Patients often describe their experience as "life-changing."*

### ABOUT DR. AMANTE

It is truly a privilege to be a part of a child's life. One of the most important things that I can do is build a foundation for good oral health that each child will carry on as an adult. Each child that comes into our office is unique, so getting to know their different personalities and temperaments can be both challenging and fun. They never fail to ask questions, catch me by surprise, make me think, and more often than not, make me laugh!

My team and I are your partners when it comes to your child's oral health. We strive to create a comfortable environment and experience where you can expect individualized and holistic dental care. We believe that it is important to help each child develop oral health habits that will allow them to be healthy, happy adults.
